

# ADVANCED

THIS MODULE IS FOR EXPERIENCED DJS LOOKING TO PROFESSIONALIZE AND INNOVATE. IT COVERS PRO-LEVEL SKILLS, BUSINESS ASPECTS, AND CREATIVE MASTERY. THERE ARE 10 LESSONS IN THIS MODULE.

# LESSON 1

## ADVANCED TURNTABLISM

---

- Complex scratches: transforms, flares, crabs
- Battle routines and improvisation
- Integrating turntablism into club sets
- Equipment upgrades for precision

# LESSON 2

## LIVE REMIXING AND MASHUPS

---

- Real-time remixing using loops and samples
- Creating mashups on the fly
- Software integration (e.g., Ableton Live with DJ tools)
- Legal considerations for remixes

# LESSON 3

## INTEGRATING MUSIC PRODUCTION

---

- Basics of producing your own tracks/edits
- Using DAWs alongside DJ software
- Custom acapellas and instrumentals
- Collaborating with producers

# LESSON 4

## ADVANCED EFFECTS

---

- Layering multiple effects creatively
- Custom effect chains and automation
- Sound manipulation for unique sets
- Hardware vs. software effects pros/cons

# LESSON 5

## MULTI-DECK MIXING

---

- Using 3-4 decks for complex layers
- Acapella juggling and layering
- Transitions with multiple elements
- Practice with high-energy sets

# LESSON 6

## TOURING AND EVENT MANAGEMENT

---

- Booking gigs and negotiating contracts
- Travel setup: portable rigs and backups
- Handling large crowds and festivals
- Health and sustainability on the road

# LESSON 7

## BRANDING AND MARKETING FOR DJS

---

- Building a personal brand online
- Social media strategies for promotion
- Creating promo mixes and visuals
- Monetizing through merch and streams

# LESSON 8

## BUSINESS ASPECTS OF DJING

---

- Setting up your DJ business legally
- Pricing services and invoicing
- Tax basics and financial tracking
- Diversifying income (e.g., teaching, residencies)

## LESSON 9

# ADVANCED CROWD INTERACTION

---

- Reading diverse audiences globally
- Improvisation based on real-time feedback
- Collaborations with live performers
- Crisis management during sets

## LESSON 10

# MASTERY AND INNOVATION

---

- Analyzing pro DJ sets for inspiration
- Developing a signature style
- Staying updated with industry trends
- Final projects: full professional mix and business plan
